Tempus-Rex Announces a Volume Discount Program

Montreal, January 31, 2011. To make it easy for our customers who want to implement Tempus-Rex on the BlackBerries of all professionals and support staff in their firm, Tempus-Rex is pleased to announce a flexible and convenient volume discount structure.

The discount is based on a reduction off the standard Tempus-Rex subscription of \$9.95 USD / month.

- For firms with between 10 and 20 professionals the discount is 10% off the monthly bill.
- For firms with between 20 and 50 professionals the discount is 20% off the monthly bill.
- For firms with more than 50 subscribers please contact our sales department for a quote by calling +1 877 750 8739, or via eMail at sales@tempus-rex.com.

To make installing and using Tempus-Rex as convenient as possible the Tempus-Rex Blackberry application can be installed on all devices in a firm. The firm will be billed only for devices that use Tempus-Rex to capture time in a given month.

The ROI is compelling. If a lawyer or other billing professional can capture just one 10 minute phone call on their commute home that would otherwise have been forgotten they have instant ROI.

To implement Tempus-Rex quickly and easily across your firm please contact our support department at +1 877 750 8739, or via eMail at support@tempus-rex.com.
